**BED PUBLIC EV CHARGING STATION RATE**  
**(BEDEV Page 1 of 2)**

**Availability**

Service under this rate is available for public use of Burlington Electric Department (BED) owned and maintained electric vehicle charging stations for vehicle charging.

Payment will be rendered at the time of service via the charging station card reader using a credit card or prepaid service card approved by the charging network service provider selected by BED.

Usage of charging stations owned by customers of the Burlington Electric Department will be under the tariff normally applicable at the service location in question or under the tariff that would otherwise apply.

**Character of Service**

“Level 1”, “Level 2”, or “Level 3” electric vehicle charging as delivered by the charging station.

**Charge for Services**

**Customer Charge**

- Not applicable

**Energy Charge**

- Electric vehicle charging stations will use the Energy Charge shown in the table below for billing purposes. This Energy Charge uses the Basis Rate rounded up to the nearest whole cent. The Basis Rate is used only for calculating the Energy Charge.

<b>Charger Level</b>	<b>Basis Rate</b>	<b>Energy Charge</b>
Level 1 and Level 2	\$0.21478	\$0.22
Level 3	\$0.21478	\$0.22

**Other Fees**

- \$1 per hour or part thereof of session length (i.e. continuous occupation of the charging station location) over 4 hours for all charging stations except those designated by BED for overnight parking.

**Taxes and Local Fees**

- The energy charge shown above includes 6% Vermont Sales Tax, 1% Local Option Sales Tax, 3.5% City Franchise Fee (on amounts exclusive of the Vermont Sales Tax), and the current Energy Efficiency Charge (EEC) per kWh for the SG rate.

**Late Payment Fee**  
Not applicable

**Terms and Conditions**

- 1) The above rate is billed immediately via the charging station service provider.
- 2) Where no specific provisions are provided in this rate, service will be delivered under BED's Operating Guidelines.

**EFFECTIVE:**

January 1, 2026
