

**LARGE GENERAL (LG) RATE**  
(LG Page 1 of 2)

**Availability**

Service under this rate is supplied for all purposes where energy consumption is 3,000 kWh per month or above (or greater than or equal to 100 kWh per day) for 3 consecutive months out of the last 12 months, or at the request of the customer.

All power and energy furnished to the customer shall be under this rate and it will be supplied at one point of delivery unless more than one service or meter is installed for the convenience of the Burlington Electric Department (BED).

This rate is not applicable for standby, resale or shared service.

**Character of Service**

Alternating current, 60 Hertz, at the standard utilization voltage.

**Billing Demand**

The Billing Demand in kilowatts shall be the greater of the following:

- a) The greatest number of kilowatts in any fifteen-minute period occurring in the current month or;
- b) Fifty percent (50%) of the highest fifteen-minute peak that occurred during any of the most recent Summer Peak months (June through September) that fall within the previous 11 months.

**Power Factor Adjustment**

A customer shall maintain a power factor of 90% or higher under ordinary load conditions. For each 1% by which the average monthly power factor lags below 90%, the demand charge for that month shall be increased by 1%.

**Late Payment Charge**

Payment for service under this rate is due on presentation of the monthly bill. If payment is not received by the BED on or before the next monthly billing date, a late payment charge of 1% shall be imposed upon the unpaid balance, including any prior unpaid late payment charges. The late payment charge shall be assessed on such unpaid balances once each month after it is initially imposed on an unpaid balance, so long as a balance remains unpaid.

**Terms and Conditions**

- 1) The above rate is billed monthly and payable on presentation of the bill.
- 2) Customers in this rate class may be eligible to participate in ISO-NE's load and price response programs as defined from year to year by ISO-NE. This program is further described under the Load Response Tariff Rider, page 21 of this tariff document
- 3) The minimum duration of this rate agreement shall be 12 months.
- 4) Where no specific provisions are provided in this rate, service will be delivered under BED's Operating Guidelines.
