

**Burlington Electric Department  
Tariff Sheets  
Effective August 1, 2023**

**STREET LIGHTING (SL) RATE  
(SL Page 1 of 2)**

**Availability**

For BED-owned municipal street lighting on city-accepted streets and overhead lighting illuminating private property where such lighting is not metered as a portion of the load served under another BED tariff.

**Character of Service**

Unmetered alternating current, 60 Hertz, single phase, at nominal voltages of 120, 120/240, or 277 volts.

Standard street and area lighting service entails providing, operating, and maintaining standard dusk to dawn street luminaires fed from overhead distribution lines.

BED will own and maintain all poles and luminaires served under this tariff and reserves the right to approve or deny individual fixture choices that differ from those typically stocked.

**Monthly Bill**

**Standard Rates per Luminaire (LED wattages not shown below will be charged at the rate of the LED fixture closest in watts)**

<b>Nominal Wattage</b>	<b>Wattage with Ballast</b>	<b>BulbType</b>	<b>\$/Month</b>
100	117	Mercury Vapor	\$ 11.32
175	205	Mercury Vapor	\$ 15.26
250	292	Mercury Vapor	\$ 20.74
400	453	Mercury Vapor	\$ 29.16
100	119	Metal Halide	\$ 14.55
175	206	Metal Halide	\$ 18.26
250	288	Metal Halide	\$ 22.94
400	450	Metal Halide	\$ 31.84
70	99	High Pressure Sodium	\$ 10.43
100	136	High Pressure Sodium	\$ 12.27
150	195	High Pressure Sodium	\$ 15.22
250	305	High Pressure Sodium	\$ 22.22
400	466	High Pressure Sodium	\$ 30.78
189	189	Incandescent	\$ 19.60
40	44	LED	\$ 11.37
65	72	LED	\$ 13.82
90	100	LED	\$ 15.93
120	133	LED	\$ 20.23

Approved: February 21, 2024, by Public Utility Commission in Case No. 23-2044-TF

**Terms and Conditions**

- 1) New or additional service must be reviewed and approved in advance by BED to insure that requested facilities comply with current engineering standards. New street lighting installations shall meet the recommendations of the Illuminating Engineering Society of North America (IESNA). Any new street lighting installations on city streets or on new streets that will become accepted city streets shall meet these recommendations as detailed in the latest version of the *IESNA Lighting Handbook*. *Lighting levels for illuminating private property will be as requested by the customer subject to BED approval.*
- 2) The customer must make a contribution in aid of construction, in advance, to cover incremental costs of requested facilities such as decorative fixtures that are in excess of \$651 per installed luminaire (the luminaire being defined as all hardware required at the location except for a pole). If a requested lighting service requires setting a dedicated pole, the customer shall pay a contribution in aid of construction in advance equal to the cost of installing that pole. Excess costs may optionally be financed over 60 months in accordance with BED's Lending Policy.
- 3) The customer may be required to enter into a contract with a minimum term of 5 years for any new or additional lighting facilities.
- 4) Lighting service shall be provided from dusk to dawn as controlled locally by photocells.
- 5) For purposes of computing billed energy, the following burning hours will be assumed:

Month	Burning Hours
January	456
February	379
March	374
April	316
May	285
June	255
July	274
August	310
September	344
October	403
November	432
December	468

Approved: February 21, 2024, by Public Utility Commission in Case No. 23-2044-TF
