STREET LIGHTING (SL) RATE

Availability

For Burlington Electric Department (BED)-owned municipal street lighting and city-owned parking ban lights on city-accepted streets, municipally owned security cameras, and privately owned overhead lighting illuminating private property where such lighting is not metered as a portion of the load served under another BED tariff.

Character of Service

Unmetered alternating current, 60 Hertz, single phase, at nominal voltages of 120, 120/240, or 277 volts.

Parking ban lights and security cameras will be fed by existing distribution lines, or by new distribution line extensions (where required) installed at customer expense.

For BED-owned municipal street lighting and private area lighting, BED will maintain all poles, luminaires, conductors, conduits, and all associated materials served under this tariff. For all other uses, BED will maintain BED-owned poles, conductors, conduits, and all associated materials served under this tariff (but not the parking ban lights, security cameras, or any conductors and/or conduits between the customer owned device(s) and BED’s first secondary connection point on the pole or in the underground system).

Monthly Rate

Standard Rates per Luminaire (LED wattages not shown below will be charged at the rate of the LED fixture closest in watts) or Device

| Nominal Luminaire Wattage or Device Type | Assumed Luminaire Wattage with Ballast | Luminaire Bulb Type | \$/Month |
|---|---|----------------------------|-----------------|
| 100 | 117 | Mercury Vapor | \$ 11.94 |
| 175 | 205 | Mercury Vapor | \$ 16.10 |
| 250 | 292 | Mercury Vapor | \$ 21.88 |
| 400 | 453 | Mercury Vapor | \$ 30.76 |
| 100 | 119 | Metal Halide | \$ 15.35 |
| 175 | 206 | Metal Halide | \$ 19.26 |
| 250 | 288 | Metal Halide | \$ 24.20 |
| 400 | 450 | Metal Halide | \$ 33.59 |
| 70 | 99 | High Pressure Sodium | \$ 11.00 |
| 100 | 136 | High Pressure Sodium | \$ 12.94 |
| 150 | 195 | High Pressure Sodium | \$ 16.06 |
| 250 | 305 | High Pressure Sodium | \$ 23.44 |

| | | | |
|-------------------|-----|----------------------|----------|
| 400 | 466 | High Pressure Sodium | \$ 32.47 |
| 189 | 189 | Incandescent | \$ 20.68 |
| 40 | 44 | LED | \$ 12.00 |
| 65 | 72 | LED | \$ 14.58 |
| 90 | 100 | LED | \$ 16.81 |
| 120 | 133 | LED | \$ 21.34 |
| 150 | 170 | LED | \$ 25.40 |
| 180 | 204 | LED | \$ 29.48 |
| Security Camera | N/A | N/A | \$ 13.39 |
| Parking Ban Light | 80 | N/A | \$ 0.42 |

Terms and Conditions

- 1) New or additional required distribution lines installed under this tariff for any use must be reviewed and approved in advance by BED to ensure that requested facilities comply with current BED engineering standards. For parking ban light and security camera installations, all electrical work not owned by BED must comply with all applicable National Electrical Code (NEC) standards and any City permitting requirements.
- 2) New BED-owned municipal street lighting installations shall meet the recommendations of the Illuminating Engineering Society of North America (IES-NA). Any new street lighting installations on city streets or on new streets that will become accepted city streets shall meet these recommendations as detailed in the latest version of the *IES-NA Lighting Handbook*. Lighting levels for illuminating private property will be as requested by the customer subject to BED approval.
- 3) For decorative BED-owned municipal street lighting, the customer must make a contribution in aid of construction, in advance, to cover the cost for the installation of requested facilities above the cost of BED's standard design costs for municipal street lighting for a similar non-decorative fixture.
- 4) For new parking ban lights and security cameras, the customer must make a contribution in aid of construction, in advance, to cover the cost of extending the existing or constructing a new distribution line.
- 5) BED no longer accepts new applications for or alterations to pre-existing overhead lighting illuminating private property where such lighting is not metered as a portion of the load served under another BED tariff.
- 6) Lighting service shall be provided from dusk to dawn as controlled locally by photocells. Service for parking ban lights and security cameras will be provided all hours.
- 7) For purposes of computing billed energy for BED-owned municipal street lighting, the following burning hours have been assumed:

Approved:
